## Leadership Development: Framework

### Ontario's Leadership Framework

The Leadership Framework is central to the [Ontario Leadership Strategy](#). The framework describes a set of core leadership competencies and effective practices for principals, vice-principals and supervisory officers.

The Leadership Framework is made up of two parts:

1. Leader competencies and practices that have been shown to be effective in improving student achievement.
2. System practices and procedures that boards should have in place to support school and system leaders to
