Message from the IEL Chair, Joseph Geiser

The [Ontario Institute for Education Leadership \(IEL\)](#) has many accomplishments that the sector has valued. In particular, the IEL has been a forum for collaborative education networking that brings leaders from all organizations in education together with the Ministry to contribute to student achievement, equity and well-being. This is driven by the changing needs of the sector. In an effort to becoming a provincial model for using virtual approaches to promote collaboration focused on strengthening leadership in the province, the IEL will conduct meetings using [ZOOM](#) and [Thoughtexchange](#) meeting environments. ZOOM software will enable the IEL to conduct flawless video meetings, build collaboration and conduct video webinars. Thoughtexchange software will be used to bring people together. This flexible experience software will empower leaders to surface answers to open-ended questions in real-time. From time to time it may be necessary for the IEL to conduct face-to-face meetings.
